

Candidate Full Name : Prof. Dr. Mohammed Moshiul Hoque

Email: moshiulh@yahoo.com

Affiliation: Chittagong University of Engineering & Technology (CUET)

Number of Years with IEEE as valued Member: 8 years

Member Grade : Member

1st Choice of position :Conference Coordinator

1st Choice Position Statement (500 Words):

I would like to apply for the post 'Conference Coordinator'. In the recent year, number of conferences that are technically cosponsored by IEEE BDS is sharply increasing. Last few years, it is observed that more than 10 conferences were held in Bangladesh under the banner of IEEE BDS. These conferences attracted a huge number of submissions and number of accepted papers are reasonably good. However, we need to focus more closely in the few issues in future such as Plagiarism, quality of the papers, high standard reviewer, review processes, timely notification, fair judgement, etc. Therefore, I would like to work these issues in order improve the quality of the conferences in a world-class level that will held in Bangladesh. Moreover, I will try my best to organize the reputed IEEE conferences under the IEEE BDS and develop a skill manpower/volunteer including member from each university in Bangladesh that will capable to organize IEEE Sponsored event regularly.

2nd Choice of position: Awards Coordinator

2nd Choice Position Statement (500 Words):

Contribution to IEEE Bangladesh Section (500 words):

Serve as an Award Coordinator in the IEEE Bangladesh Executive Committee in the year 2017. Also performed various responsibility for IEEE BDS like TCP Chair in IEEE r10 HTC 2017, Advisory member, TPC member & reviewer in the IEEE BDS technically cosponsored conference.

IEEE positions held chronologically (global and local):

1. IEEE Student Member
2. IEEE Member

Awards received from IEEE (global and local):

1. Best Presentation Award in IEEE Co-sponsored conference
2. Best Paper Award in IEEE Co-sponsored conference

Experience in IEEE Bangladesh Section in Executive Committee, Affinity Groups, Societies chapters, Student Branches (year and positions):

IEEE Award Coordinator in the Year 2017
