

Candidate Full Name : REDWAN FERDOUS

Email: farhan.ndc@gmail.com

Affiliation: Lead Engineer & Cordinator, Cellphone Manufacturing Factory, Aamra Companies

Number of Years with IEEE as valued Member: 6

Member Grade : Professional

1st Choice of position :Industrial Activity Coordinator

1st Choice Position Statement (500 Words):

If I have got chance to serve as "Industrial Activity Coordinator" for the year 2018 in IEEE BD Ex-com, I will try my best to attach young professionals and students of BD section as much possible in order to ensure enough industrial experience besides their theoretical knowledge. Recent era demands sufficient real life industrial grade technical knowledge besides certificates. My motive will be to attach the section members to industry so that eligible member can ensure his right career in right industry and forthcoming generation get to know about industry.

2nd Choice of position: Educational Activity Coordinator

2nd Choice Position Statement (500 Words):

Besides maintaining corporate career in reputed companies for last 4 years, I'm also engaged in different educational activities in volunteer services in order to spread different types of "technical knowledge" throughout the country. If I'm elected as "Educational Activity Coordinator", My target will be spread the hands-on technical knowledge in different branches as well as in different sphere of the country in the banner of IEEE, because ours young generation are only devoted to theoretical knowledge because they don't get sufficient scope for real life experience. This 21st century demands many updated knowledge which are significantly unknown to many young professionals-who are going to enter in job market in coming years. My wish is to eliminate this barrier and make the knowledge available for all.

Contribution to IEEE Bangladesh Section (500 words):

Served for last 6 years,started from 2012. Have attended more than 50 events organized by different SB of BD Section. Organized more than 15 events as Chair in IEEE AUST SB as well as the First IEEE WIE Congress back in 2013 in the premise of AUST. Served as Treasurer for IEEE Young Professionals (Former GOLD) back in 2014. Attended international congresses on behalf of IEEE BDS for several times. I was an unconditional volunteer who supports not only BD Section but also other sections during their need. Currently as a professional member, I also tries to help as much as I can, like Job Referring, Arrangement of Industrial tour in different state of the art industries, arranging industrial funds for different projects etc.
